Tax Cut!

## George Bush & Dan Lipinski... VS

## Mark Pera...

pushed through Congress multi-billion dollar giveaways to big oil including:

- An \$8 Billion tax cut for oil companies.\*
- Exempting oil companies from liability for pollution.\*
- Permitting more drilling in the Arctic National Wildlife Refuge.\*

In return for his support of Bush's energy policy, Dan Lipinski received \$26,000\*\* in campaign contributions from oil companies.

is a former prosecuting attorney, whose professional life focused on fighting corporate powers, like energy conglomerates, who have operated outside the public interest.

Mark believes it's wrong for Congress to allow oil companies to determine America's energy policy while we get robbed at the pump each day.

He believes that Congress should tax the massive profits of big oil and invest those dollars to develop alternative sources of renewable energy.
